

General Labour

Dayshift

CQM is a custom metal fabrication company located in Aylmer Ont. We deliver a variety of manufacturing solutions to other companies as well as manufacturing our own brand of products. We're a rapidly growing company that's thriving and expanding thanks to our employee's dedication to quality, on time delivery and customer service.

We are seeking an experienced factory production worker to fill a general laborer position in our growing company in Aylmer Ontario. Overtime hours are occasional and available on request.

Duties and Responsibilities:

- Assist laser team, press team and robot welder operators with material handling
- Assist production welders with set up and handling of large parts
- Build pallets of selected stock while observing standards for height, weight, stability (breaking point), and security of product.
- Perform assigned tasks to maintain a clean and safe working environment, i.e., sweeping, clean up cardboard, etc.
- Operate moving equipment safely and ensure equipment is in proper working order before each shift
- Perform other duties as required

Qualifications:

- Physically fit and have good endurance.
- Tolerant to repetitive bending and lifting. Some parts are up to 50 lb.
- Language: English is required. (Spanish and German are assets.)
- Fork lift experience and certification are an asset but not essential
- Ability to work in a fast-paced environment.
- Must be well organized and able to pay attention to detail.
- Positive attitude, taking initiative and pride in your work.
- Commitment to quality and workplace safety.

Compensation: - Health benefits after probationary period. Wages are dependent on qualifications, skills and experience.
